ISBN: 978-0-9893174-3-6

The 20th Biennial Conference held at New Mexico State University, Las Cruces NM October 11-13, 2018, was sponsored by the NMSU Anthropology Department and the Anthropology Graduate Student Organization, and was chaired by Dr. Lonnie C. Ludeman with help from Dr. Fumi Arakawa and Dr. William Walker.

The conference, almost 40 years since the first, addressed many current research areas and had papers presented by leading southwest archaeologists from agencies and institutions in the United States and Mexico.

This volume is composed of a collection of 24 papers representing the 20th Biennial Mogollon Archaeology Conference. The papers are organized roughly corresponding to the conference program general areas: (1) Mimbres Mogollon, (2) Gila National Forest Diamond Creek Locality Archaeology, (3) Jornada Mogollon and Beyond, and (4) Recent Survey and Excavation in the Upper Gila River Valley, Arizona: Aggregation and Dispersal.

It has a total of 268 pages in a 2-column 8-1/2 x 11 inch format. It is a perfect bound paperback book and now available for purchasing. It can be ordered directly from the publisher Lonnie C. Ludeman (lcludeman@zianet.com). The cost for one copy is \$12 plus \$3.25 shipping, for two copies \$24 plus \$4.50 shipping and for three Copies \$36 + \$5.50 if ordered at the same time. Sorry, I am not able to accept credit cards.

To order for shipping please send a check, made out to Lonnie C. Ludeman, to the following address:

**Lonnie C. Ludeman
5085 Rock House Road
Las Cruces, NM 88011**

To pick up a copy from me directly with no mailing charge, please e-mail me at lcludeman@zianet.com to make arrangements. I will have several copies with me at the SAA conference April 10-14 if you wish to pick up a copy without the shipping cost.

It is hoped, in the spirit and tradition of the conference, that these papers will serve as a forum for discussion and as an aid for suggesting and developing further research.

Table of Contents

v Preface

vi Contributing Authors
